- ☑ Present Trend- an estimate of 92% students join Russian Medical Universities.
- ☑ Annually, approximately 3,000 students travel to Russia to pursue their MBBS Course.
- ☑ Currently, more than 20,000 Indian students pursuing MBBS in Russia

PROF. S. K. WASHIM

FOUNDER & CHAIRMAN

At Rus Education, we are dedicated to helping medical aspirants achieve their dreams of pursuing medical education abroad. We believe that every student has the potential to succeed in life and our mission is to provide comprehensive support and guidance to those who wish to study MBBS Abroad. We also ensure that they receive the best possible education at an affordable cost.

Our experienced team of advisors is dedicated to helping students navigate the complex process of applying to international universities and colleges, and we provide personalized support every step of the way.

Our ultimate goal is to produce highly skilled graduates who are equipped to make a positive impact in their communities and around the world. We take pride in our students' achievements and are committed to supporting them throughout their academic journey and beyond. We believe that education is the key to a brighter future, and we are dedicated to helping students achieve their full potential.

Prof. S.K. Washim features in a successful academically enriched background. With his magnetic, larger-than-life yet humble and grounded personality, he is the forebearer of all the astonishing achievements and initiatives of Rus Education. His transparent approach and upbeat expertise in identifying the concerns of many make him an astounding team leader.

During his continuously growing aims, Prof. Washim has served in various roles, like lecturer and professor in top government universities in Russia for various fields and advisor to the Deputy Head of the Committee of International Affairs (Russian Federal Parliament). His specialization is in the field of Public Health Programs and The Development of Public Health Strategies and alternatives.

He is a degree holder in MD General Physician from Tver State Medical University, Russia, a postgraduate from the Department of Medicine, and a Doctorate from the Public Health & Social Medicine. During his entire tenure of academic achievements, Prof. Washim has served the student community by joining the university administration in various positions, like Deputy Dean for Foreign Students and Advisor to the Vice-Chancellor for Foreign Students of TSMU.

To further work for his initiatives and help thousands of other aspirants, he established Rus Education and provided them with a way to achieve their dreams of being doctors and serving society.

Under his guidance, Rus Education aims to give wings to his vision of helping students pursue their dreams of becoming doctors. Today, we have helped thousands of brilliant minds become doctors and live in their dream roles.

Prof. S. K. Washim
Founder & Chairman,
Rus Education

AIR MARSHAL (DR) PAWAN KAPOOR

He is also a member of the International Society for Quality in Health Care (ISQua) and is also an international assessor for them.

Air Marshal (Dr) Pawan Kapoor, AVSM, VSM, and BAR (Retd), Former Director-General of Medical Services (IAF)

Our **HUMBLE** Beginning

With a vivid 30+ years of hard work, commitment, and making a real difference in the world of medical education, training, healthcare, and the lives of the next generation of doctors, Rus Education has come a long way from its beginning.

About three decades earlier, our initiative, Rus Education was brought to life with a simple purpose of helping medical aspirants in India get medical education abroad and become doctors to take care of the healthcare needs of the country and build a healthy India.

At that time, India needed more doctors to ensure proper healthcare for our fellow citizens and the situation still persists. Fortunately, our nation had plenty of students who were aspiring to become doctors. However, we lacked the infrastructure required to provide medical education and training to the growing number of medical aspirants.

Only aspiring students who could get into a medical institution in India-which was a highly competitive and often a costly affair and still is- were able to

turn their dreams into a reality, while other medical aspirants were left out with little to no opportunities to pursue medical education.

To enable those students, who could not get admission to MBBS Program in India and planned to pursue medical education, there was an urgent need to craft a solution and that's where Rus Education came in with the initiative to help Indian medical aspirants get admission to MBBS programs of foreign medical universities, study abroad, become world-class doctors, serve the nation as well as the world with their healthcare services and ensure a thriving career in medicine.

AWARDS & Recognitions

Rus Education is an initiative that facilitates MBBS Abroad for Indian medical aspirants. Our efforts to empower the next generation of doctors are also well recognised in India as well as across the globe. Few of our successful milestones are:

India's Best Overseas Education Provider – Awarded by Xel Research.

Best Overseas Medical Education Provider - Atal Achievement Awards 2022

Best Overseas Education Consultant Awards

Excellence in Education at Indian Excellence Awards

The Best Overseas Education Provider at Pride of Indian Education Awards

Central India's Most Trusted Education Consultant for Abroad - Awarded by Honorable Shivraj Singh Chouhan, CM of MP.

India's Leading & Most Reliable Provider of Foreign Medical Education - Awarded by Raman Singh, Former CM of Chhattisgarh.

Our Student Support Services

To help medical students in India get admission to top-ranked government medical universities in Russia, we offer a variety of integrated student services right from counselling to travel arrangements and continuous support during students' medical education in Russia.

Counselling

We provide free counselling to students interested in studying MBBS in Russia. For counselling, we have a team of 200+ expert counsellors and admission advisors. Depending on the convenience of the students, counselling is provided through online as well as the offline medium. We believe that the first interaction between the students and our representatives marks the beginning of our association with our students.

Holding Hands for NEET Preparation

We guide students to crack NEET through established and renowned features and our academic associates. They not only train the students to get maximum marks in NEET but also inspire and motivate students through techniques needed for cracking the exam.

University Selection

Russia is home to 60+ medical universities that offer MBBS admissions for Indian students and fulfill the requirements enunciated in the Foreign Medical Graduates Licensing Regulations dated November 18th, 2021 of the National Medical Commission, India. All those universities have different fees structure, facilities, and located in different regions of Russia. For a student, making the right choice from so many options and selecting the best-fit can be difficult. We help students in selecting a medical university that is the best fit for them, depending on their financial means, personal preferences, the preferred medium of instruction, and academic records.

Admission Application

To make the admission process for the MBBS program easier and hassle-free. The team of Rus Education files an application for admission to the MBBS Program of the selected university at no additional cost to students on their behalf. All the documentation work is taken care of by our team.

Documentation

Going to Russia for medical education is not a small decision. It requires lots of paperwork and documentation. Immigration documents are required to be compiled for passport and visa formalities. Further, MBBS Admission and University procedures need a number of academic documents and student's records that need to be apostilled and submitted to the University.

Travel Arrangements & Airport Pickup

For passport, Visa, and other documents required for traveling to Russia and getting entry to the University, students get full support from the Travel Department of Rus Education, Rus Tourism.

Coaching For Medical Licensing Examinations

To help our students prepare for FMGE, we provide coaching throughout the course. FMGE preparation, along with the MBBS Program, well prepares the students to crack FMGE after MBBS from Russia, secure a license to practice medicine in India, and live the dream they worked so hard for. We arrange special classes here in India during summer vacations for all our students as well. FMGE result of the universities to which we send students is a healthy 45 - 55% in first attempt.

Financial Support

We assist our students in getting currency exchange during their travel. At Rus Education, we make sure that our students get the best possible exchange rate. We have tie-ups with various International Banks that provide the students with Forex Card and traveler's cheque at the time of departure. While medical education in Russia is very affordable, some students may require financial support to fund their MBBS program, for them the team assists with financial guidance.

Pre Departure Ceremony

In accordance with the direction of Embassy of India in Moscow, Russia (Education Wing), we organise our annual assembly "Sobraniye" – a pre-departure ceremony for Indian medical students going to study MBBS in Russia. The ceremony encourages & prepares the students for their new journey and brief them about the best practices for travelling and starting life as a medical student in Russia.

University Arrangements

Before our students even reach the University, we make sure that proper arrangements for hostel and mess are in place for them. We offer 5-10 minutes complimentary call to our students from the University to your parents/relatives. We provide Students with a local SIM Card . We help them with the medical check-up at the University at the time of arrival and more such arrangement keeping in view the comfort and safety of students.

When We Say 6-years Support, We Mean It

Rus Education remains involved with the students during the entire cycle of academic pursuit starting from choosing the university till the convocation, every single moment, every time.

RUSSIA INDIA RELATIONS

Russia & India have been close allies for several decades. The two countries signed the 'Indo-Soviet Treaty of Friendship & Cooperation' in 1971. Since then, the two nations have been a global example of friendship.

MR. VLADIMIR PUTIN,
PRESIDENT, RUSSIA

"We always come to India with great pleasure and even excitement because we know that here, we will find an atmosphere of very sincere friendship and business cooperation. Our nations have enjoyed long and close relations of friendship, mutual respect, and concern. Russia and India have always been interested in each other's culture and spiritual heritage. This is confirmed by the great success of the Indian Festival in Russia.

Over the past decades, Russia and India have accumulated considerable potential of mutually beneficial cooperation. Constructive political dialogue has been established, large-scale joint projects in trade, economic, defence, energy, scientific, technological, infrastructure and humanitarian spheres are underway.

I am confident that the further strengthening of special and privileged strategic partnership meets the fundamental interests of the people of Russia and India. It will also go fully in line with cementing international stability and security.

I sincerely wish good health and every success to you, well-being, and prosperity to your compatriots."

MR. NARENDRA MODI,
PRIME MINISTER, INDIA

"Foundations of India-Russia friendship are deep & the future of our partnership is bright. Extensive cooperation between our nations has led to extraordinary outcomes for our citizens. President Putin remains a source of great strength for the India-Russia friendship. Under his visionary leadership, bilateral and multilateral cooperation between our nations has scaled new heights."

Russia and India, two of the greatest nations in the world, enjoy a history, present, and future of the exceptionally strong and vital diplomatic relationship and partnership. Russia and India have a privileged relationship with shared efforts in strategic, military, education, and economic development of both nations.

On April 12, 2019, India's Prime Minister Narendra Modi received Russia's highest state honor 'Order of St. Andrew the Apostle' awarded by Russia's President Vladimir Putin.

RUS INDIA

Mr. Dmitry Medvedev, Prime Minister, Russia; Former President, Russia

“Relations with India have always been and, I am sure, will be one of the most important foreign policy priorities of our country. And at the same time, our strategic partnership will grow stronger. Our mutual friendships are imbued with sympathy, trust, and openness. And I must frankly say that they have never been clouded by disagreements or conflicts. Such mutual understanding is indeed the common heritage of our people.”

Dr. S. Jaishankar, External Affairs Minister, India

“Our partnership today with the Russians has been among the steadiest of the major relationships of the world in the contemporary era. We share a commitment to a multi-polar world. Our ties, our cooperation, are best advanced through more intensive bilateral engagement such as the one that we are having today.”

H.E. Mr. Vinay Kumar, Ambassador of India to The Russian Federation

“India and Russia share a partnership rooted in mutual respect and prioritization of each other’s strategic goals, aligning with the future aspirations of both nations. Our relationship spans to education, trade, science, culture and more has grown rapidly due to diversification, increased imports, and improved logistics.”

The Largest Country In The World

Russia

Female to male ratio is tilted in favour of females. There are 67 million males and 77 billion females in Russia i.e., 54% females as compared to 46% males

Russia Has 11 Time Zones And Covers One-eighth Of The Earth's Landmass.

Moscow Is The Largest City In Russia And Also The Capital Of The Country.

Climate

While Russia is known worldwide for its cold weather, the nation has lots to offer beyond cold. People in Russia enjoy two major seasons; summer and winter, with a brief period of spring and autumn. Every region of the country have their own climate condition & lifestyle.

Nature

By geographic area, Russia is the biggest country on the planet and is home to diverse species, natural resources, and different climate zones.

Lake Baikal, one of the UNESCO World Heritage Sites in Russia, is the purest and deepest freshwater lake in the world. Volga River in Russia is the longest river in Europe, flowing 3,530 kilometers long. Apart from these, Russia holds several magnificent, jaw dropping, & exquisite wonders of nature.

People in Russia are highly educated, and the country enjoys a literacy rate of 99.7% making it one of the highest educated countries in the world. Also, Russia ranks well on the scale of the Human Development Index with an HDI score of 0.824 which is very high.

Facts About **RUSSIA**

Transportation

Russia is a well-connected country. Home to 1,216 airports, Russia has a well-regulated transportation system supported by buses, boats, taxis, metro, and suburban and express trains. In a typical Russian city, you can catch a bus or taxi every 15 minutes and a train every 30 minutes. Since the transportation in Russia is very cheap, students can travel at a further discounted cost, which is five times less than the price of regular tickets.

Currency

“Russian Ruble,” which is also called “rouble,” is the currency of Russia. Its currency code is “RUB.” While international debit and credit cards are accepted across Russia, it’s a better practice to get some cash-in-hand in Russian currency, before you board the flight. Since exchange rates at the Airports are pricey, make sure to exchange your home currency for Russian Rubles at your local bank or currency exchange office.

As per the latest update, Indians can also use Ru-Pay cards in Russia.

Language

Russian is the official language of Russia. Russian is also one of the global languages spoken by about 265 million people worldwide. This language uses the Cyrillic alphabet instead of Latin and is one of the five most spoken languages in the world. The Russian language is classified in the world as an Indo-European language. It means that Russian can be considered as a distant relative of languages in Northern India, Iran, Western Asia and the languages of Europe.

#ABOUTRUSSIA

Why CHOOSE

Along with affordability and quality, there are many factors that make education in Russia one of the most lucrative options for Indian students looking forward to studying abroad. Among many advantages, undermentioned are a few key benefits available to international students studying in Russia:

Accessibility

Russia is a well-connected country. Home to 1,216 airports, Russia has a well-regulated transportation system supported by buses, boats, taxis, metro, and suburban and express trains. In a typical Russian city, you can catch a bus or taxi every 15 minutes and a train every 30 minutes. While transportation in Russia is very cheap, students can travel at a further discounted cost, which is five times less than the price of regular tickets.

The Literacy Rate In
RUSSIA IS
99.70%

SCHOLARSHIP OPPORTUNITIES

Russia is one of the few countries in the world that offers state-funded education to foreign students. Every year, about 15,000 international students win a scholarship to study in Russia.

AFFORDABLE COST OF LIVING

The average living cost in Russia can be as low as US\$ 140 per month, which is incredibly low compared to the cost of living in other European nations and countries like the USA, Australia, the UK, etc.

HIGHLY EDUCATED COUNTRY

With a literacy rate of 99.7%, Russia is one of the most educated countries in the world. You will be surrounded & guided by several wise people which will help in polishing the personality in a long run.

EXCELLENT EDUCATION SYSTEM

The education system of Russia has been ranked as 8th best in Europe and 13th best in the world by Economist Intelligence Unit (2014). In 2016, Bloomberg, a US-based media company, designated Russia's Higher Education as the third-best in the world.

AFFORDABLE TUITION FEE

The cost of education in Russia is much lower in comparison to other European nations and the likes of the United States, Canada, Australia, and the United Kingdom.

COURSE STUDY IN ENGLISH

If you don't want to invest time to learn Russian but still want to study in Russia, you can. With increased globalisation and connected world, many Russian universities have started offering their higher education programs in English medium.

Cultural Activity

International students take an active part in the life of the University: together with Russian students. They perform in concerts, organised by the students parties, participate in contests, and celebrate festivals.

Hostel

Sports

The most typical lodging option for the international students in Russia is the university dormitory. International and out-of-town students are provided with dormitories. Generally located near the campus of the university. In most cases from 2 to 4 students share a room. In a typical dormitory room, where student gets writing desks, chairs, closets, bookshelves, beds, and nightstands. University dormitories are equipped with shared kitchens, gyms, recreation rooms, canteens, and laundromats.

Sports is a great recreation among international students. Most universities have a sports club where the students participate in various activities. Since cricket is a major sport in India, frequent matches and competitions between universities help in encouraging the sport among the students.

Chhaya NAGWAN

Student, Perm State Medical University

"I believe that PSMU's support and commitment to high-quality medical education has played an integral role in my development and I will surely progress as a physician. I consider myself privileged to have an opportunity to study here".

Neha

Student, Orenburg State Medical University

I am thankful for Rus Education for helping me find the best universities and their support to start my journey to MBBS abroad. I am now joining OrSMU to make my dream a reality!

Swarnima

Student, Mari State University

"Student Life at MarSU is full of joy & thrills. The faculty is very cooperative and highly qualified".

MBBS- OVERVIEW

MBBS IN RUSSIA

MBBS is one of the most demanding professions in the world. It is believed to be the noblest profession.

MBBS in Russia offers a 6-year medical program. After pursuing MBBS from Russia, there are a lot of career options available for medical graduate students within the country and abroad.

Medical degrees awarded by the top medical colleges in Russia are recognised globally. Students can practice anywhere around the world subject to qualifying the country-specific medical licensing examination such as FMGE, USMLE, etc.

PROGRAM OVERVIEW

Russia is home to many top government medical universities offering affordable and high standard education to many students.

The program for MBBS in Russia is focused on building a strong academic base with a pragmatic approach towards education and medical research. Education in the classrooms and laboratories helps students develop their strong theoretical skills. The Russian Medical Universities offer clinical training at the university-affiliated hospitals from the second year of the MBBS course. This training helps the students to develop their clinical experience throughout the years.

Every year, fresh batches for MBBS in Russia start in September. Besides local students, medical aspirants from India and other countries can also apply for admission to the top medical universities in Russia to get quality education at low fees and scholarships.

ELIGIBILITY

- ☑ Must have attained 17 years of age at the time of admission
- ☑ Qualified 12th with min. 50% aggregate marks in PCB subjects (40% for reserved category and must have passed in English)
- ☑ Must have obtained NEET Qualified Scorecard

According to NMC, Indian Citizens/Overseas Citizens of India intending to obtain a primary medical qualification from any medical institution must qualify NEET (UG). The result of the 'National- Eligibility-cum-Entrance Test for Admission to MBBS course' shall be deemed as the Eligibility Certificate, provided that such persons fulfill the Eligibility Criteria for admission to the MBBS course prescribed in the Regulations on Graduate Medical Education, 1997.

QUALITY OF MEDICAL EDUCATION IN RUSSIA

In Russia, there are many medical universities which are continuously included in the list of top medical universities in the world. Universities like Mari State University, Perm State Medical University, Orenburg State Medical University, etc., are among some of the globally leading medical universities which are popular among Indian students.

University RECOGNITIONS

Let's Take A
Look At The
Recognitions
Of The Medical
Universities
In Russia

Top medical universities in Russia are recognised, approved, certified, and registered with the world-renowned medical organizations. These organisations aim to enhance the quality of medical education globally. Each organisation has its own standard of development in medical education and the level of accreditation in medical schools.

The medical universities in Russia follow a curriculum that is aligned with the NMC(MCI) guidelines and they are also approved by the Medical Council of Canada (MCC).

Every medical university in Russia is recognized by the Ministry of Science and Higher Education of Russia and the Ministry of Health of the Russian Federation.

MEDICAL COUNCIL OF CANADA

NMC REGULATIONS FOR MBBS ABROAD

(Foreign Medical Graduate Licentiate Regulations dated 18 November 2021)

The National Medical Commission has made new licentiate regulations for MBBS Abroad that are effective for all admissions that take place in foreign medical institutions on or after 18 Nov 2021.

The subsequent paragraphs provide the gist of the new regulations that are required to be followed for enabling the Foreign Medical Graduates (FMG) to get registration in National Medical Commission and/ or State Medical Councils for practice in India on return from the foreign medical institution.

Essential Criteria

- ✓ The duration of the medical course in the foreign medical institution should be a minimum of fifty- four months (four and a half years).
- ✓ The FMGs must undergo a mandatory one-year rotatory internship in the same foreign medical institution.
- ✓ The medium of instructions for the MBBS course in the foreign medical institution must be in English language.
- ✓ The FMG must have studied the mandatory subjects (as given in Schedule 1) that fulfill the requirements of education and training equivalent or commensurate with that of an Indian Medical Graduate.
- ✓ The FMG should be registered with the respective regulatory body competent to grant license to practice medicine in that country where the institution is located.
- ✓ The FMG must clear the NExT or any other examination as mandated by the National Medical Commission.
- ✓ The FMG must undergo a supervised internship in India for a minimum period of one year after applying for the same to the Commission in subjects as outlined in Schedule 1.

Associated Criteria

as given in Schedule 1 of the regulations for recognition of Foreign Medical Graduates to practice medicine in India

- ✓ **Course content and Training requirements for primary medical education outside India:**
 - ⇒ Foreign Medical Graduates should have undergone a course of theory, practical and clinical training equivalent to a Bachelor of Medicine and Bachelor of Surgery (MBBS) of India.
 - ⇒ Graduates should have completed a mandatory one-year internship in the same foreign medical institution along with hands-on training in clinical subjects including but not limited to Community Medicine, General Medicine, Psychiatry, Paediatrics, General Surgery, Anaesthesia, Obstetrics and Gynaecology, Orthopaedics, Otorhinolaryngology, Ophthalmology, Dermatology, Emergency or Casualty services, lab services and their sub-specialties.
 - ⇒ The course and internship or clinical clerkship in the Foreign Medical Institution shall include the subjects mentioned therein as are duly recognised by the Commission.
 - ⇒ The course curriculum shall be made available for review by appropriate authorities preferably through websites.
- ✓ **Location for conduct of the course:** The entire course, training and internship or clerkship shall be done outside India in the same foreign medical institution throughout the course of study.
- ✓ **Duration of completion:** The total duration of the foreign medical graduation course shall be completed within ten years from the date of joining the course.

Exemption of Applicability of the Regulations:

- ✓ These regulations will not be applicable to:-
 - ⇒ Foreign Medical Graduates who acquired a foreign medical degree or primary qualification, before the implementation of these regulations ie before 18 Nov 2021;
 - ⇒ Candidates who are pursuing their education in foreign institutions prior to the coming into force of these regulations i.e., 18 Nov 2021;
 - ⇒ Foreign medical graduates who are specifically exempted by the Commission or the Central Government, as the case may be, by notification.
- ✓ Foreign Medical Graduates who have acquired a Foreign Medical Degree or any equivalent course, and the candidates who are pursuing their education in foreign institutions, before the implementation of these regulations, shall be governed by the erstwhile applicable regulations.
- ✓ The commission has the right to issue a no grant of permanent registration to practice medicine in case the candidate breaks the law upon public policy or national security.

Located in Volgograd, Russia

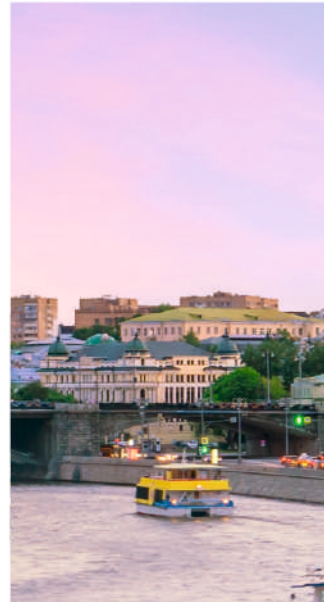

Founded in 1935, Volgograd State Medical University is a prestigious institution known for its highly qualified teaching staff and renowned physicians. Accredited by the Russian Ministry for educating both Russian and International Students, it is a preferred choice for Indian students pursuing MBBS in Russia. The university has over 763 professors and teaches pre-clinical courses in four buildings. It also conducts clinical courses in 15 multi-profile clinics.

QUICK FACTS

- ✓ Founded in 1935, Volgograd State Medical University is accredited by the Russian Ministry for Education.
- ✓ 763+ highly qualified professors and instructors training 5000+ citizens of Russia and 900+ international students.
- ✓ The university delivers pre-clinical courses in its four main buildings, while clinical courses are conducted at 15 multi-profile clinics.

SAFETY & TRAVEL

SAFETY IN THE COUNTRY

Like all other countries in the world, Russia is also not a country with zero crime rate. The well-equipped Police of Russia work at its best to maintain law and order in the nation and ensure safety for the citizens as well the visitors.

The crime rate in Russia is negligible due to the well equipped police force that works round the clock to maintain law and order within the country and ensure safety of citizens as well as students and visitors.

SAFETY IN THE UNIVERSITY

Besides safety standards at the state level, all the universities and educational institutions in Russia have proper safety measures in place to provide a safe and secure environment for the students.

Students within the universities' property are protected by trained security personnel. Further, 24/7 CCTV surveillance makes sure that everything is under control and in order.

Entry to hostel premises is governed by biometrics and e-passwords.

SAFETY ETIQUETTES

While government and university authorities take all the measures to keep you safe, as a student, its your responsibility to practice due care and self-monitor your actions and behavior.

top medical universities of
the world.

WHAT AFTER MBBS IN RUSSIA?

Completing MBBS in Russia unlocks various opportunities. However, to practice medicine in Russia or pursue international licensing, graduates must pass two crucial exams: the State Exam (GOZZ) and Licensing/Accreditation Exam. These exams assess theoretical knowledge, practical skills, and real-life situation handling. Passing the GOZZ exam grants an MD-Physician degree, equivalent to MBBS in India. This enables graduates to practice medicine as doctors. Additionally, clearing the licensing exam allows them to practice medicine professionally in Russia or abroad.

DOES THE STUDENT HAVE TO GIVE ANY ENTRANCE EXAMINATION PRIOR TO JOINING MBBS IN UNIVERSITIES OF RUSSIA?

Unlike other countries, there are no pre-qualifying examinations like TOEFL, IELTS, etc. for admission to the MBBS course in Russia. The admissions are based on the 12th standard marks for the Graduate courses and as per the equivalency of the Indian graduate degrees. All admissions are strictly on a first-come, first-served basis.

WHAT IS THE ELIGIBILITY CRITERIA TO GET ADMISSION FOR PURSUING MBBS IN RUSSIA?

As per the Medical Council of India (now NMC) the minimum qualification for Indian Students to study in these countries is 50% in physics, chemistry, and biology in the 12th standard. In the case of reserved category, in addition pass marks are mand, it is 40%. The minimum age should be 17 years in the year of admission.

HOW CAN I APPLY FOR MBBS IN RUSSIA FROM INDIA?

For admission to pursue an MBBS in Russia, Indian candidates can reach out to Rus Education. Rus Education is a leading overseas education provider. We strive for a long-lasting relationship with our students and parents. Therefore, we provide complete guidance and counselling from the time of registration at one of the top medical universities in Russia until the time of graduation. We also provide support after graduation.

WHAT IS THE FEE STRUCTURE FOR MBBS IN RUSSIA?

The fee structure for MBBS in Russia depends on each university. Some universities offer a complete 6-year MBBS course for 15-20 lacs*, whereas others offer 30-50 lacs*.

DOES THE STUDENT NEED TO APPEAR FOR A VISA INTERVIEW FOR RUSSIA?

The student does not have to appear for the visa interview. However, it depends on the discretion of the Embassy of the Russian Federation of India.

KNOW MORE ABOUT MBBS IN RUSSIA

WHAT DOCUMENTS ARE NEEDED FOR THE RUSSIAN STUDENT VISA?

Below are the documents required for student visa application:

- ☑ Original passport and a photocopy of the same (front and back page)
- ☑ Invitation letter (should have the university's official letterhead)
- ☑ Visa application form
- ☑ Passport size photographs (3.5x4.5)
- ☑ HIV test certificate

CAN I STUDY AND WORK AT THE SAME TIME IN RUSSIA?

International students can study and work at the same time at the University campus during their free time. In some cases, the student must attain a permit from the General Administration for Migration Issues of the Interior Ministry of Russia to work only in the city where the university is located.

However, it is not advisable for the students who are pursuing MBBS to study and work at the same time in Russia as their study may hamper in the long run.

CAN A STUDENT COME BACK TO INDIA ON HOLIDAY? WHAT IS THE HOLIDAY PERIOD?

Students get a vacation in July & August. In summer vacations, they can participate in the internship in India. Some universities allow students to complete hospital training in their native countries.

So, students can come back home at the starting of the holidays. In other universities, students complete hospital training in University hospitals. So, they can only come back to the native country in completing the training.

Apart from vacations, students can come back home in case of emergency conditions with prior permission from university officials.

HOW CAN PARENTS SEND MONEY TO THEIR CHILDREN? CAN STUDENTS OPEN A BANK ACCOUNT THERE?

Students can take an International debit card, forex card or hard cash (USD) with them. Rus Education representatives present in respective universities help students in opening a bank account in Local Bank.

AFTER COMPLETING THE COURSE CAN I DO MY INTERNSHIP FROM INDIA?

Yes, on completing the course, students need to appear for an NMC screening examination. Once clearing the examination, the students can do their internship in India.

IS FMGE NECESSARY FOR INDIAN DOCTORS WHO HAVE STUDIED IN RUSSIA?

Yes, FMGE is necessary for all Indian students pursuing MBBS in Russia. The FMGE was introduced as a qualification examination for all Indian students who graduate from other countries (like Russia, Ukraine, Philippines, Bangladesh, etc.) to practice Medicine in India. The exam is likely to be replaced by National Exit Test (NExT) soon- a common licensing examination for both Indian Medical Graduates and Foreign Medical Graduates.

HOW MANY TIMES I CAN APPEAR FOR AN FMG SCREENING TEST?

Students get unlimited chances to appear for FMGE. NBE conducts screening tests twice a year i.e. June and December. Our students clear FMGE easily since Rus Education provides coaching for the same during their study. As per the latest NMC guideline students must pass FMGE within the year of joining the MBBS Course.

Indo Russian Education Summit

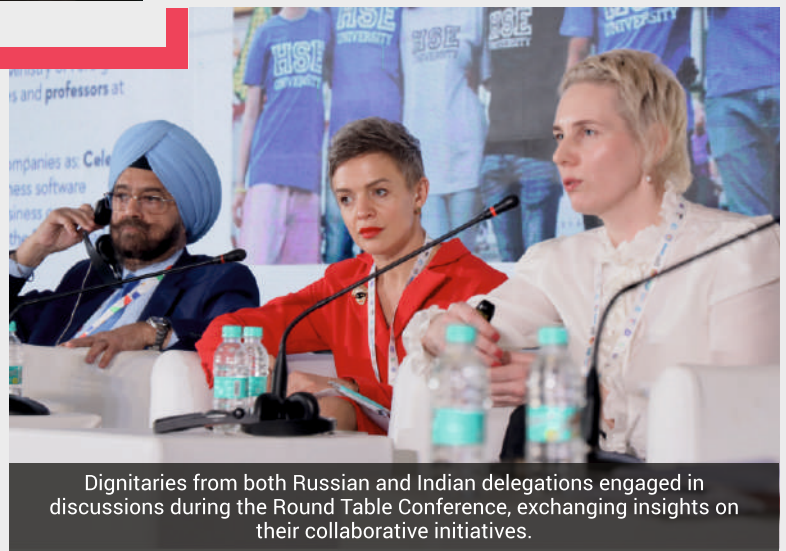

H.E. Denis Alipov; Mr. Pavel Anatolyevich Shevtsov, Deputy Head of the Russian Federal Agency for Humanitarian Cooperation "Rossotrudnichestvo"; along with other esteemed dignitaries, inaugurated the Indo-Russian Education Summit.

Rus Education proudly organized the Indo-Russian Education Summit in collaboration with "Rossotrudnichestvo", Russian Federal Agency for Humanitarian Cooperation; The Russian House in New Delhi; and the Russian Embassy. This event serves as a dynamic platform for fostering educational collaboration and cultural exchange between India and Russia, bringing together thought leaders, policy makers, industry stalwarts, and academicians.

With its expanding scope, featuring an impressive lineup of universities, delegates, and policymakers, the summit offers unique opportunities by facilitating meaningful dialogue, knowledge exchange, and direct interaction between Indian students and Russian universities.

H.E. Denis Alipov warmly welcomed Mr. Pavel Anatolyevich Shevtsov at the Indo-Russian Education Summit 2024.

Dignitaries from both Russian and Indian delegations engaged in discussions during the Round Table Conference, exchanging insights on their collaborative initiatives.

Mr. Pavel Anatolyevich Shevtsov Deputy Head of the Russian Federal Agency for Humanitarian Cooperation "Rossotrudnichestvo," with the team Rus Education at the IRES 2024.

Representatives of Rus Education, delegates from Russian Medical Universities along with parents and the medical aspirants gathered together at the Russian Education Fair.

MBBS Admission Expo

Rus Education participates at the biggest MBBS Admission Expo every year to provide medical education to Indian students in foreign countries. With the objective of reaching out to thousands of medical aspirants in India, Rus Education ensures its commitment to delivering authentic guidance alongside 25+ medical universities from different countries worldwide at the event in various states of India.

At the MBBS Admission Expo, students obtain several benefits, such as personal guidance, free counselling, 100% admission guidance, scholarships, and various other opportunities for students to study MBBS at the Top Medical Universities in Russia at an affordable cost.

Nation-Wide SEMINARS

To guide the hundreds of students on their journey to study MBBS, Rus Education conducts the nation-wide MBBS Admission Guidance Seminar where they can meet and know more about their opportunities abroad.

Past year, the team reached out to the aspiring medical students of the country and conducted several rounds with 300+ successful MBBS Admission Guidance Seminar across the country in the cities of Indian states which helped us in reaching out to hundreds & thousands of aspiring medical students of India.

SOBRANIYE

The Pre-departure Ceremony: New Delhi

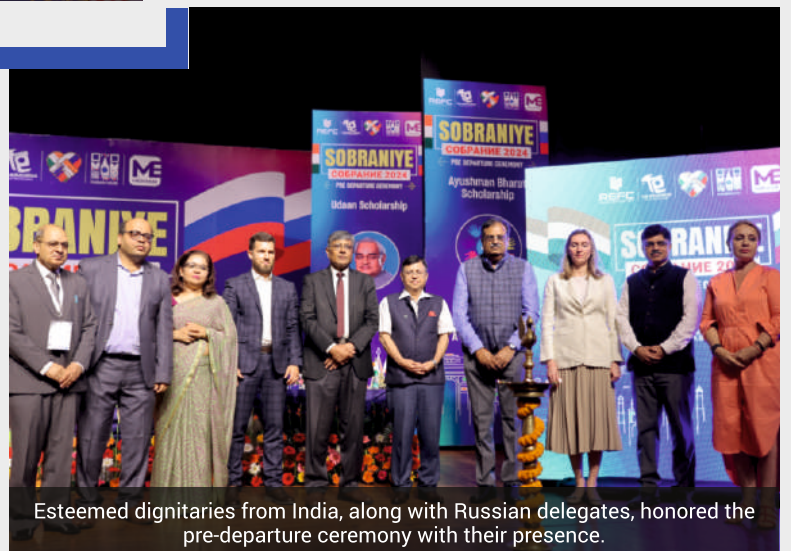

General V.K. Singh giving motivational speech at Sobraniye

Rus Education in association with the Russian House in India, organises a grand Pre-Departure Ceremony Sobraniye, for providing students with complete and clear guidance about studying MBBS in Russia.

The foremost mission of Sobraniye is to educate students about Russia that includes climate, hostel facilities, Indian mess, study material and much more. Sobraniye is a golden moment for all the registered students to celebrate one last time before they head to start a "New Life in a New Country".

Mr. Manoj Tiwari, Indian Politician, being welcomed at Sobraniye by the Technical Advisor of Rus Education.

Esteemed dignitaries from India, along with Russian delegates, honored the pre-departure ceremony with their presence.

Dr. Abhijeet Sheth along with Ms. Elena Barman, and Air Marshal (Dr.) Pawan Kapoor (Retd.), awarded a meritorious Indian student with Badhte Kadam Scholarship at the Pre-departure ceremony.

Deserving Indian student received UDAAN Scholarship during the pre-departure ceremony.

Enthralled by the top medical universities of Russia, parents encouraged and motivated students to pursue their dreams with confidence.

Representatives from Russian universities, the Russian House in New Delhi, and Rus Education proudly awarded the Druzhba Scholarship to a deserving Indian student.

Representatives of Russian medical universities, along with students and parents, gathered at the pre-departure ceremony.

SCHOLARSHIPS

FOR INDIAN STUDENTS

To empower meritorious medical aspirants and to enable them to pursue medical education in Russia, we provide monetary aid in the form of various scholarships.

Scholarships granted by Rus Education are our initiatives to reward high performing students and provide financial support to students facing economic constraints. Rus Education Scholarships not only reward the talent but also bridge the gap created by economic inequality.

Scholarships granted make sure that students who have the ability but not the means to pursue higher education are not left behind. Financial aid provided by Rus Education has helped hundreds of medical aspirants become doctors, contributing towards equality, the vision of Ayushman Bharat, and a healthy world.

Every year, many deserving students get the opportunity to study MBBS in Russia through scholarship awarded on the basis of merit and need.

Lt. Gen Bipin Puri- Director Gen Armed Forces Medical Service, awarded Veer Jawaan Scholarship to a student during the Sobraniye.

Dr. Shakti Gupta, Executive Director AIIMS, awarded the Ayushman Bharat Scholarship to a deserving student.

Indian student received the Druzhba Scholarship for MBBS in Russia from one of the representatives of the Russian House in India.

Dr. N.K. Sharma awarded Veer Jawaan Scholarship to a meritorious student during the Sobraniye.

Deserving student awarded with a scholarship for MBBS in Russia, by Shri Nirmal Kumar Bhagat, Director, Ministry of Health and Family Welfare.

Udaan Scholarship was given to a deserving student for MBBS in Russia by Dr. Harish Nadkarni, CEO- NABH.

Meritorious student received the Veer Jawaan Scholarship during Sobraniye from Lt. Gen Daljit Singh, VSM, Director General Medical Services (Indian Army).

Director of Russian House in New Delhi, Mr. Oleg Osipov, awarded Druzhba Scholarship to a deserving student during the pre-departure ceremony.

Freshers Party

The freshers' party at the medical university is not just a mere celebration, it is a warm welcome of future healers into the world of medicine. It's an evening filled with excitement, new friendships, and unforgettable moments. Organized to make new students feel at home, the event features a perfect blend of fun, music, cultural performances, and interactive sessions that help freshers and seniors connect.

Beyond entertainment, the Freshers' party also serves as a valuable opportunity to engage with faculty members, seniors, and peers, fostering a bond that creates a strong support network throughout the medical journey.

Clinical Exposure

Clinical training is an integral part of the MBBS academic curriculum. Indian students studying at our partner medical universities in Russia are exposed to extensive clinical training sessions throughout their academic journey. These universities are affiliated with renowned medical institutions across the country, providing students with hands-on experience through clinical training.

Each Clinical training session brings students closer to real-world medical exposure. This allows them to observe several medical specialists and apply their theoretical knowledge through practical training in a clinical setting.

Cultural Activities

Radiant in their vibrant colors, Indian students showcased their traditional attire with pride.

The medical students in Russia experience a very healthy and happy life. The students enjoy the multicultural environment at Russian medical universities. Every year, many cultural events and festivals are organized at the universities.

Students are encouraged to participate in such events to help them understand different cultures from various communities across the globe. Additionally, all the Indian festivals are also celebrated in Russian Medical Universities like Diwali, Holi, Eid, Christmas, Navratri, etc. ensuring a home away from home for the students.

Indian Students at Perm State Medical University celebrated the Chhatrapati Shivaji Maharaj Jayanti, honoring the legacy of the true leader.

Indian students in the Orenburg Presidential School's National Cuisine Days showcase Indian culture and cuisine through cultural exchange.

Indian students enthusiastically celebrated the Navratri festival at Orenburg State Medical University in Russia.

Indian Students celebrated Holi at the university in Russia.

Indian Students disguised themselves as Lord Shiva and delivered a remarkable performance during the Mahashivratri Festival celebration at the Russian Medical University.

Russian Medical Universities embrace the diverse cultural backgrounds of students.

Indian students performed dandia dance during Navratri celebration at the university in Russia.

FMGE/NExT Coaching

Dr. Ashutosh Aggarwal, a guest lecturer at Orenburg State Medical University, along with the Dean of OrSMU, Mr. Mironchev Anton, and other faculty members during the FMGE coaching session at the university.

To help our students prepare for FMGE, we provide coaching to our students during their MBBS course. FMGE preparation, along with the MBBS Program, well prepares the students to crack FMGE and to secure a license to practice medicine in India, and live the dream they worked so hard for. For the same, we send Indian professors to Russia so that students can be well equipped with the syllabus, course pattern and the subject knowledge. With this, 70% of Indian students who have studied MBBS in Russia with Rus Education, cleared FMGE in their first attempt.

Dr. Khaleel Ahmed, MBBS, MD Radio Diagnosis, delivered lectures at Mari State University, Russia, on Radiology & Dermatology to prepare Indian medical students for FMGE.

Aspiring Indian medical students attentively listened and interact during the FMGE/NExT coaching class at the Russian Medical University.

Dr. Priyansh Jain mentored Indian students at a Russian medical university, equipping them for their upcoming FMGE.

Dr. Priyansh Jain delivered his lecture at Orenburg State Medical University, Russia, to prepare Indian students for FMGE.

Rector of Mari State University, Prof. Shvetsov Mikhail N. along with Dr. Prassan Vij, a renowned Gynecologist from India.

Active interaction of Indian medical students with the guest lecturer during their FMGE coaching session.

Indian students of the Russian Medical Universities attentively participated in on-campus FMGE coaching led by renowned specialists from India.

Convocation Ceremony

Proud Indian students celebrated their achievement alongside the esteemed Rector, Prof. Igor Miroshchichenko, and Dean of Orenburg State Medical University, Prof. Mironchev Anton, holding their degrees after years of dedication and hard work.

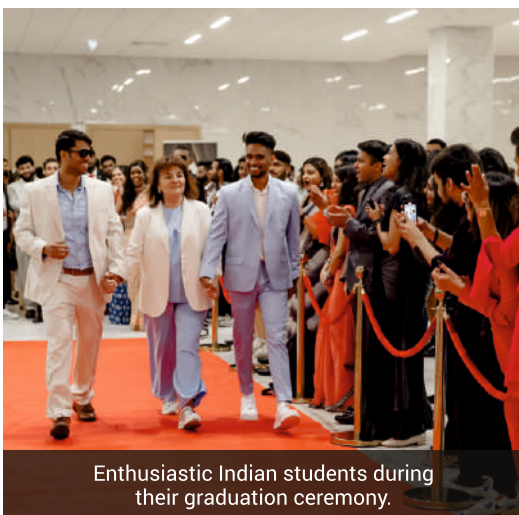

Dean of OrSMU awarded Indian students their much awaited Degree at the convocation ceremony.

“Graduation isn’t the end of a tough journey. It is the beginning of a beautiful one...”

Rus Education along with the universities organise Convocation ceremony in each university every year. We organise special visits by Indian parents who want to be a part of this happy and special moment. Visa and travel arrangements are being done by our dedicated Travel department i.e Rus Tourism.

Let the caps fly and the celebrations begin!

Enthusiastic Indian students during their graduation ceremony.

Rector of OrSMU, Prof. Igor Miroshchichenko and Dean of OrSMU, Mr. Mironchev Anton, congratulated Indian student and parents during the graduation ceremony.

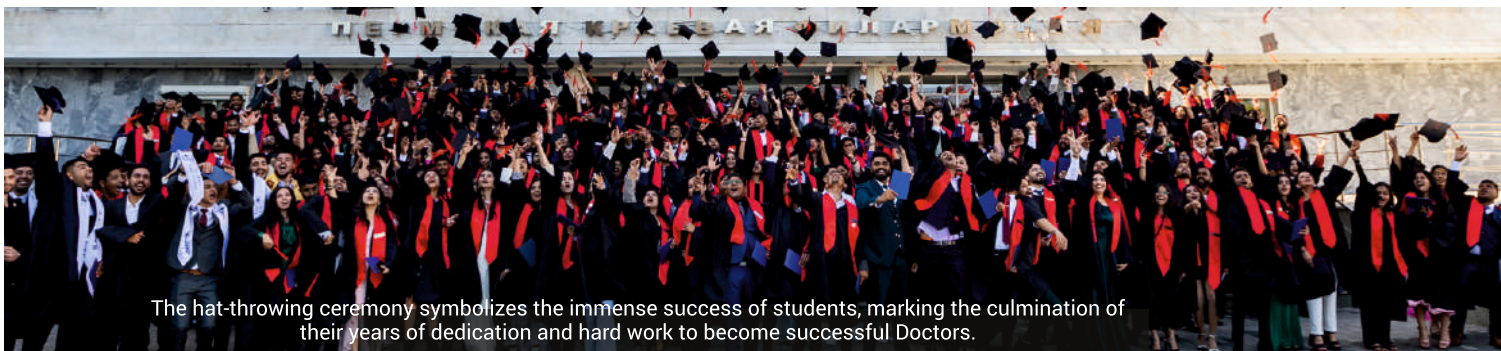

Parents of Indian students spent a delightful day exploring and admiring the cultural and architectural beauty of one of Russia's historic cities.

One Milestone down and more to go. Indian students celebrated their academic achievements with their Rector- Prof. Shevetsov Mikhail N., and International Students Representative - Dr. Rohit Choudhary.

Indian students joyfully celebrated their academic success alongside the esteemed Rector of Mari State University, faculty members, and Representative of Rus Education.

The hat-throwing ceremony symbolizes the immense success of students, marking the culmination of their years of dedication and hard work to become successful Doctors.

Indian Graduates received their degree from the esteemed Rector of Perm State Medical University - Prof. Blagonravova Anna Sergeevna.

FMG FELICITATION Ceremony

Director of Russian House in New Delhi, Mr. Oleg Osipov, awarded the newly qualified doctor during their felicitation ceremony.

Rus Education takes pride in its students' achievements. To honour the Indian students for successfully qualifying their FMGE, Rus Education conducted the felicitation ceremony to congratulate and blessed the former students and new doctors for their future endeavors. Students along with their parents and guardians attended the ceremony. This ceremony was organised not only to applaud the new doctors for their accomplishments but also to encourage them to work harder in their medical career.

A newly qualified Doctor received an award from the Technical Advisor of Rus Education, Air Marshal (Dr) Pawan Kapoor.

Director of Russian House, New Delhi, Mr. Oleg Osipov, Senior Management of Rus Education along with the newly qualified Doctors.

Representative of the Russian House, India, the Senior Management of Rus Education along with the newly qualified Doctors and their parents.

The event was joined by Mr. Subroto Das, Minister of Education & Community Welfare, Embassy of India, Moscow. The agreement was followed under the signature of Prof. Syed K. Washim, Chairman, Rus Education, and the Rector of PSMU, Minaeva Natalia Vitalievna.

Chairman of Rus Education, Prof. S.K. Washim and Rector of Perm State Medical University, Ms. Minaeva Natalia V., during the signing ceremony

Signing ceremony between Rus Education and Perm State Medical University.

CSR

Medical Camps

Rus Education organises free medical camps along with the NGOs for the underprivileged. Hundreds of people took advantage to avail free checkups and are examined to know their health details. Several Physicians attended the underprivileged during the general checkup session. Body check-ups, oral cancer detection, dental checkups, and tobacco quitting treatments are the focus in the medical camp. The locals are also educated about healthy habits and good practices to be followed in order to remain fit and healthy.

Clothes Donation

We believe in delivering good educational services, contributing to the better health of the nation and make our positive mark on empowering future doctors to make people's lives better.

To beat the winters of Delhi, the team of Rus Education distributed woolen and warm clothes to various underprivileged members of the society.

NO MATTER WHAT, WE DO THE RIGHT THING. ALWAYS.

We, at Rus Education, believe that we can move forward only when we help the people around move forward with us. Besides our core activity of promoting education, we do all the things we can to make our positive mark on the world and make people's lives better.

We also believe that working and living in society comes with a responsibility to contribute to solutions that can solve the problems that matter. We cherish that responsibility by all means and take steps to make a positive impact on our society and the lives of our fellow living beings. A few of our initiatives to make the world a better place.

PROMOTING MEDICAL EDUCATION

The world needs more doctors, and we are helping it get there by promoting medical education through organising school seminars, MBBS exhibitions, education fairs, and online campaigns. We are promoting medical education across India and making

students aware of cross-border education avenues to become doctors. With our support, 15,000+ students have already achieved their dreams to become doctors while we continue to support 5,000+ students who are getting medical education in different countries under our guidance.

CONTRIBUTING TO BETTER HEALTH

Collaborating with NGOs for free health check-up camps and organising Health Awareness Programs in rural areas are some of our steps in the direction of building a health-conscious and healthy society.

WE STAND BY

"Time doesn't go well all the time. There have been times when our people need our support".

Be it Kerala floods or other critical moments; we have ensured our best support to the community.

**FORWARD WE MOVE
WITH A POSITIVE MIND**

EMPOWERING WOMEN

We believe that change starts with us, and it's already here. 54.7% of the Rus Education team members are women. As the saying goes "If you educate a man, you educate a person. If you educate a woman, you educate a generation," and we truly believe that and feel proud to empower girl students in India in pursuing their higher education overseas and craft their dream career.

Empowering Women

AYUSHMAN BHARAT

By promoting healthcare and medical education, we are helping medical aspirants become doctors who provide healthcare to millions of Indians and other people worldwide, contributing to making the vision of Ayushman Bharat a reality.

Ayushman Bharat

Promoting Equity

PROMOTING EQUITY

To help students in need, we distribute several scholarships that promote equity and make sure that no student of any section is left behind. 'Badhte Kadam Scholarship' in honour of Dr. A.P.J. Abdul Kalam, 'Udaan Scholarship' in loving memory of Late Shri Atal Bihari Vajpayee, and 'Maitreyi Scholarship' in loving memory of Late Smt. Sushma Swaraj are a few of the scholarships that we offer to our students with the objective of removing financial barriers to their higher education path.

Guidelines

For Traveling In Russia

GUIDELINES FOR TRAVELING TO RUSSIA

All the foreign students going to study in Russia are required to comply with the visa and migration requirements prescribed by Russian authorities.

Students must have a valid passport and visa to avoid any issues. Ensure that all documents have at least 2 photocopies of all the documents like passport along with all the visa, air ticket, traveler's cheque, invitation letter, and credit cards.

Before traveling abroad, ensure that you know the health and safety of the country. Being in good health is always good. It is also important that you get yourself checked with your doctor before you travel.

Kindly follow the rules and regulations of the country you are traveling to.

WHILE TRAVELING WITHIN RUSSIA

Ensure that you carry your valid passport, migration card, and a certificate certified by the concerned university (Acts as the registration certificate, proof that you are residing at the university's hostel).

Having the telephone number of the Dean's office staff, tutors, and the embassy is necessary for emergency purposes. While traveling in the country, avoid using private cars. Use public transport. You can get tickets from the ticket windows only.

Drinking strong drinks such as beer in public is a punishable offense. If caught, the fine for public drinking will be imposed according to the country's local law.

Avoid street lotteries, slot machines, and casinos.

In case of any unlawful acts against you, do not hesitate to call the police.

WHILE RESIDING IN HOSTELS

On your arrival at the Russian Federation, you need to be well prepared. You need to be very careful with your belongings. Do not leave them outside or in an open trunk of a car.

Ensure that you have your name and student ID number tagged to your valuable belongings to enable the police to return them if they are missing or stolen.

Ask your academy if they provide safe storage to keep your passport, traveler's cheques, wallet/purse, and other valuables locked safely. Or, consider buying a small personal locker. Make sure your television, video, and other valuables can't be seen through a window and never leave cash or credit cards lying around.

If at all you go on a holiday, make sure that you keep your valuables in safe storage or with a trusted friend.

When carrying valuable items such as a laptop, or any other expensive items, ensure that you carry it in a compact bag. Also, be very careful with your expensive items, displaying them in public can be a risk, you don't want them to get stolen.

Do not leave your mobile phone unattended. If it is stolen, immobilize it by calling your telecoms operator. Major Russian telecoms operator will provide you with a new SIM card free of charge and let you keep the phone number as soon as you have a new device ready to use.

List of Things To Pack

LUGGAGE

1 Big suitcase
1 small cabin luggage
small pouch for documents and passport.

IMPORTANT DOCUMENTS

Passport
Air ticket
Copy of the visa invitation
Copy of the visa
Marksheet as well as a certificate of 10th and 12th std.
