Ryazan State Medical University

Contingent of teaching	Title of program	Amount of program in hours
Obstetrics and Gynecology		
Obstetrics and Gynecology	Emergency conditions in obstetrics	36
Anesthesiology – intensive care medicine, emergency medical service	Rendering medical help in out-of-hospital childbirth and emergency conditions in obstetrics	36
Obstetrics and Gynecology	Actual questions of obstetrics and gynecology	144
Dermatovenereology		
Dermatovenereology, Obstetrics and gynecology	Actual questions of syphilis and urogenital infections	36
Dermatovenereology, Pediatrics	Algorithm how to manage the patients with allergic skin diseases	36
Dermatovenereology, Cosmetology	Modern aspects of mycoses	36
Dermatovenereology, Cosmetology, Obstetrics and gynecology	Acne: modern questions of pathogenesis, clinical picture, diagnostics. Algorithm to manage patients.	36
Dermatovenereology, Cosmetology	Pustular skin diseases	36
Dermatovenereology, Cosmetology	Pyoderma: etiology, pathogenesis, clinical picture, diagnostics, treatment, prophylaxis	36
Dermatovenereology	Sexually transmitted infections	36
Infectious diseases		
Infectious diseases	Differential diagnostics of the diseases with exanthema syndrome	36
Infectious diseases	Old and new respiratory viral infections	36
Infectious diseases	Acute intestinal infections	36
Infectious diseases	Arthropod-borne infections	36
Infectious diseases	Infectious diseases with natural foci	36
Infectious diseases	Helminthiasis	36

Cardiology, therapy		
Cardiology, Therapy	Management of the patients with stable exertional angina	36
Cardiology, Therapy	Tactics how to manage the patients with acute coronary syndrome with ST elevation and with non-ST elevation at prehospital and hospital stages	36
Cardiology, Therapy	Tactics how to manage the patients with acute coronary syndrome with ST elevation and with non-ST elevation at prehospital and hospital stages	36
Cardiology, Therapy	Management of the patients with syncope conditions	36
Cardiology, Therapy	Approaches how to manage the patients with atrial fibrillation	36
Rheumatology, Surgery, Therapy	Local therapy of articular and periarticular pain	36
Cardiology, Therapy, Rheumatology	Management of the patients with valvular heart disease	36
Cardiology	Questions of clinical cardiology	144
Neurology and neurosurgery		
Neurology, Neurosurgery	Diagnostics and treatment of pre-dementia cognitive disorders	36
Neurology	Arthropod-borne neuro-infections with progredient course	36
Neurology	Diagnostics and treatment of neurological manifestations of lumbar osteochondrosis	36
Neurology, Neurosurgery	Epileptology	36
Neurology	Diagnostics and treatment of vascular diseases of nervous system	36
Neonatology		
Neonatology, Pediatrics	Hematological disorders of neonatal period	36
Neonatology	Actual questions of neonatology	144

	Otorhinolaryngology	
Otorhinolaryngology	ORL organs diseases	36
Otorhinolaryngology	Middle ear diseases	36
Otorhinolaryngology	Larynx diseases	36
Otorhinolaryngology	Emergency conditions in otorhinolaryngology	36
Otorhinolaryngology	Paranasal sinuses diseases	36
Otorhinolaryngology	Selected questions of otorhinolaryngology	144
	Ophthalmology	
Ophthalmology	Urgent ophthalmology	36
Ophthalmology	Primary glaucoma	36
Ophthalmology	Eye surface diseases	36
Ophthalmology	Refraction anomalies: diagnostics and correction	36
	Cardiovascular surgery	
Cardiovascular surgery, Surgery, Obstetrics and gynecology	Modern angiology in practical medicine	36
Roentgen-endovascular diagnostics and treatment	Roentgen-endovascular approaches in the surgery of the arteries of lower extremities	36
Cardiovascular surgery	Actual questions of the surgery of the great arteries of lower extremities	36
Cardiovascular surgery, Roentgen-endovascular diagnostics and treatment	Roentgen-endovascular interventions in case of a vascular pathology (with the usage of virtual simulator Angio Mentor)	36
Cardiovascular surgery	Actual questions of vascular surgery	144
Roentgen-endovascular diagnostics and treatment	Modern approaches in roentgen-endovascular diagnostics and in the treatment of cardiovascular diseases	144

Therapy		
Therapy, Gastroenterology	Gastroenterological aspects of a new coronavirus infection	36
Therapy	Actual questions of therapy	144
Functional diagnostics		
Functional diagnostics	Selected questions of ECG interpretation in case of rhythm and conductibility disturbances	36
Functional diagnostics	Functional diagnostics of ischemic heart disease	36
Functional diagnostics	Functional diagnostics in major emergency conditions in cardiology	36
